Visitor path

Open the API, list FAQs or search by keyword, then retrieve an FAQ by ID. Read operations are public in the submitted routes.

Contributor path

Register at POST /api/auth/register, log in at POST /api/auth/login, store the returned JWT, and call the protected profile endpoint.

FAQ management

Send POST /api/faqs with Bearer token and question, answer, category. Update/delete routes require authentication and verify the creator owns the FAQ.

AI assistance

Authenticated user posts a question to /api/ai/answer or a topic to /api/ai/generate-faq. Gemini returns an answer or structured question/answer pair.

Evidence

The archive includes a Postman collection and a Node integration script. No run transcript, screenshots, or deployment URL is included.
