Visitor

Wants a quick answer, readable FAQ pages, and search that can find relevant entries.

Contributor

Wants to add useful FAQ content, correct it later, and prevent unauthorized changes.

Says and thinks

"Can I find an answer without creating an account?" "Can I update only my entries?" "Can AI help draft an answer?"

Observed journey

- Visitor reads or searches public FAQs.
- Contributor registers/logs in and receives a JWT.
- Contributor creates an FAQ; authenticated owner can update or delete it.
- Authenticated user can ask Gemini for an answer or generate a question-answer pair.

Research limit

This map is a design aid based on source-defined flows, not interview findings or user research.
